

To Whom It May Concern:

This is to state that I have known **Sidda Divya** for past 2 month, working with Python on the Finlatics Machine Learning Experience Program. FincruX is recognised as a 'Start - Up' by Department of Industry & Internal Trade (DPIIT), Ministry of Commerce & Industry, Government of India. It is one of start - ups selected for the prestigious incubation program at Atal Incubation Centre - NMIMS, supported by the Atal Innovation Mission, under the aegis of NITI Aayog, Government of India.

I was supervising **Sidda Divya** for the Finlatics Machine Learning Experience Program. During their time with us, **Sidda Divya** has successfully completed several machine learning projects, demonstrating proficiency in transforming business goals into implementable, data-driven machine learning solutions. **Sidda Divya**'s adeptness at navigating complex datasets and extracting meaningful insights has been instrumental in driving informed decisionmaking processes in machine learning. Introduction to machine learning, encompassing data preprocessing, essential machine learning algorithms, and both supervised and unsupervised techniques, forms the cornerstone of their expertise. Their comprehensive understanding and application of these foundational concepts enable them to develop innovative solutions and deliver actionable insights through machine learning methodologies.
